

Nancy Lesicka

I came to Albuquerque in 1974 and fell in love with New Mexico and its people. After marrying and having 3 children here, my fate was sealed that I am truly a New Mexican at heart.

I spent my adult life working in the construction industry as administrative support to the president of a commercial and then luxury home development/construction business. I have tracked and handled finances for that and became familiar and responsible for NM State Medicare/Medicaid reimbursements for a large Nursing home facility. My bookkeeping continued throughout as co-owner of Lesicka Woodworking, a custom cabinet business.

After becoming part of the Albuquerque Pickleball community 5 years ago and being released from the day to day responsibilities of 3 grand children (all in school, finally!) – I was talked into “volunteering” as a Venue Coordinator. The phrase “Lead, Follow or Get Out of the Way” seems to sum up my philosophy in volunteering. The only way to really have an effect is to have a voice or seat at the table. I have been the Treasurer for 2 years and currently sit on the Referee Committee, Training Committee and Finance Committee.

My addiction for everything Pickleball was almost immediate. I was not deterred that I was the worst student in the Class, or that it took 6 months before braving Open Play, or that it has taken 5 years to become a solid 3.5 player. My aim is to help every person interested to become a better player no matter their skill level – And to have fun doing it.
