

My pickleball journey began with my wife's invitation in February 2020. During the pandemic, our family played together outdoors. I took my first lesson in September 2020 from Senior Pro Randall Wood in San Marcos, TX and I've been inspired ever since. My wife and I both play and live part time in Wimberley, TX. We have wonderful new pickleball friends there and here in Albuquerque. I am now the HEAD Penn pickleball rep for New Mexico and a sponsored Team HEAD player. I am also a team member with Pro Sports here in Albuquerque. I need to learn what our club goals should be as I try to support our club and community to provide enjoyment to its members and provide better exposure to developmental opportunities to those who want to work on improvement.

John "Juan" David

HEAD Penn Authorized Reseller

Team HEAD Player
